

Kanagawa Life Support Website

●What is the Kanagawa Life Support Website?

The Kanagawa Life Support Website contains resources for problems you may be facing in your day-to-day life. It outlines what kind of support you can receive in accordance with your residential area and your concerns.

People face a variety of challenges in life such as being short on money, being unable to work, having problems paying rent, lacking accommodation, having an illness or disability, facing violence or physical abuse, or having concerns about nursing or child raising, etc. Everyone has different problems and they may not always have someone they can discuss them with, or even know where to get support. This may lead to these problems not being resolved, reducing their quality of life.

The Kanagawa Life Support Website is a resource portal that introduces institutions and/or organizations in Kanagawa Prefecture that can provide consultations and support for these kinds of problems.
